

**Board of Property Management  
Presented during Worship on Feb 19, 2017**

My name is Cindy Graham and I am a member of the Property Board. I want to tell you what drew me to the Property Board. There are really three reasons. First is purely selfish, I am a relatively new member of the congregation and I wanted to get to know people in a deeper and more meaningful way.

The second reason the Property Board is a great Board to be a part of is that you see what has been done. Take the front steps, it is so satisfying to see the project as it happens and see the final product! Same with the Chapel, Student Lounge and offices – they will be changing within the month!

The final reason I encourage you to join (if you're new) or consider serving again (if it has been a few years since you've been on a Board) are the terrific members on the Board. [Property Board members who are here, please stand up]. It is great fun, challenging, insightful to work on a Board with these dynamic, smart, talented people! So think about it – Board work is exciting!
